

Amendments to the Drawings:

The attached one (1) page of replacement sheet of drawings includes changes to FIG. 2. This replacement drawing sheet, which includes FIGs. 1 and 2, replaces the original drawing sheet including FIGs. 1 and 2. Specifically, in FIG. 2, the text at element 38 has been changed from “access network radio session client” to --radio access network session client--. Support for this change can be found in the specification at, for example, page 3, lines 1-4 (providing that “RSC” stands for radio access network session client) and page 6, lines 24-29 (identifying element 38 as an “RSC”). Consequently, no new matter has been added by this change.
